

Counterfeit Component Policy

Onanon, Inc. recognizes that counterfeiting of components is a serious global problem that affects companies worldwide.

We feel it is our duty to ensure that we have stringent policies in place to protect both our valuable reputation and that of our customers.

To continue to provide quality products and prevent the purchase of counterfeit, suspect or unapproved products, we purchase components directly from:

- Original Component Manufacturers (OCM)
- Manufacturers Approved Franchise Distributor
- Manufacturers Approved Agent / Rep
- Original Electronic Manufacturer (OEM) / Contract Electronic Manufacturer (CEM)
Bonded Inventories

Certain hard-to-find or obsolete products cannot always be obtained from these primary sources. It may be necessary to source components through brokers or independent distributors, in these cases only approved vendors will be used.

For more information, please contact us at quality@onanon.com.
